 - Urban Forest Management Plan update from Edmonds staff. I've received periodic questions from citizens, City Council, and Tree Board members on the City's UFMP progress. A staff person will attend the meeting to update us on progress and projected timeline.
 - Tree Board vacancies—if you know someone who would be a good on the board, make sure they know to apply. We've received at least a couple applications; the application period is open until November 18.
 - Event planning for 2017—tree identifier tags? Speakers? Planting event?
I was contacted by the chair of the Pilchuck Audubon Society, who asked about setting up a meeting with the Tree Board to discuss planning a planting event in the Edmonds Marsh. Also she suggested we may partner together and respond to a Washington DNR RFP for Tree Planting and Maintenance grants. I want to discuss this to gauge level of interest among the board.
