ORDINANCE NO. 3707

AN ORDINANCE OF THE CITY OF EDMONDS, WASHINGTON, AMENDING THE EDMONDS CITY CODE TO ENACT A NEW CHAPTER 3.65 EDMONDS TRANSPORTATION BENEFIT DISTRICT, ESTABLISHING A TRANSPORTATION BENEFIT DISTRICT, SPECIFYING THE BOUNDARIES FOR THE TRANSPORTATION BENEFIT DISTRICT, SPECIFYING THE MAINTENANCE AND PRESERVATION OF EXISTING TRANSPORTATION IMPROVEMENTS, AND FIXING A TIME WHEN THE SAME SHALL BECOME EFFECTIVE.

WHEREAS, the City Council of the City of Edmonds has the responsibility under the Constitution of the State of Washington for the improvement, maintenance, protection and operation of public ways within the corporate limits of the City pursuant to RCW 35A.11.020 and Chapter 35A.47 RCW; and

WHEREAS, the improvement, maintenance, protection and operation of public ways requires preserving existing transportation improvements to avoid both catastrophic failure of the improvements which would require significant additional funds to reconstruct, as well as their gradual deterioration; and

WHEREAS, the number one priority in the “Washington Transportation Plan for 2007-2026” adopted by the Washington Transportation Commission (“State Transportation Plan”) is to preserve and extend prior investments in existing transportation facilities and the services they provide to people and commerce; and

WHEREAS, the State Transportation Plan identifies in Section II that there is no more fundamental transportation investment than existing system preservation – keeping the physical infrastructure in safe and efficient operating condition; and

WHEREAS, the State Transportation Plan on page 72 establishes unfunded high priorities of state-wide significance and includes the need to “[p]reserve, maintain and operate city streets \$6 billion” thereby recognizing that the shortfall in funding to preserve, maintain and operate city streets is a matter of state-wide significance and accordingly, an eligible transportation improvement listed on the state plan within the meaning of RCW 36.73.015; and

WHEREAS, the investment principles from the Puget Sound Regional Council “Destination 2030 Metropolitan Transportation Plan for the Central Puget Sound Region” state that the first priority should be to maintain, preserve, make safe, and optimize existing transportation infrastructure and services and Regional Transportation Policy 8.3 identifies the importance of maintaining and preserving the existing urban and rural transportation systems in a safe and usable state; and

WHEREAS, the City has limited transportation funding to pay for necessary transportation preservation and maintenance; and

WHEREAS, the funding dedicated for the preservation and maintenance of the City’s transportation infrastructure has been dramatically reduced due to the passage of Initiative 695 in 1999 and Initiative 776 in 2002, resulting in the significant loss of Motor Vehicle Excise Taxes and Snohomish County Local Vehicle License fees; and,

WHEREAS, while dedicated revenues have decreased, the ongoing annual costs to preserve and maintain the City’s transportation infrastructure continue to rise leaving the City

unable to continue to adequately preserve and maintain the City's transportation infrastructure;
and

WHEREAS, Chapter 36.73 RCW provides for the establishment of transportation benefit districts and for the levying of additional revenue sources for transportation improvements within the District that are consistent with existing state, regional, and local transportation plans and necessitated by existing or reasonably foreseeable congestion levels; and

WHEREAS, RCW 35.21.225 authorizes the City Council to establish a transportation benefit district subject to the provisions of Chapter 36.73 RCW; and

WHEREAS, the City desires to form a Transportation Benefit District which includes the entire City of Edmonds as the boundaries currently exist or as they may exist following future annexations; and

WHEREAS, prior to establishing a Transportation Benefit District, the City Council shall conduct a public hearing upon proper notice, which shall describe the functions and purposes of the proposed Transportation Benefit District; and

WHEREAS, the ordinance was introduced and had first reading on November 3, 2008; and

WHEREAS, the City provided notice of and conducted the public hearing on November 18, 2008, regarding the proposed establishment of a Transportation Benefit District in accordance with RCW 36.73.050; and

WHEREAS, the City Council of the City of Edmonds finds it to be in the best interests of the City to establish a citywide Transportation Benefit District for the preservation and maintenance of the City's transportation infrastructure consistent with Chapter 36.73 RCW, to protect the City's long-term investments in that infrastructure, to reduce the risk of

transportation facility failure, to improve safety, to continue optimal performance of the infrastructure over time, and to avoid more expensive infrastructure replacements in the future; and

WHEREAS, the City Council of the City of Edmonds shall be the governing body for the Transportation Benefit District acting in an ex officio and independent capacity; NOW, THEREFORE,

THE CITY COUNCIL OF THE CITY OF EDMONDS, WASHINGTON, DO ORDAIN AS FOLLOWS:
