WHEREAS, based upon the presentation of staff and the information contained in the public record, the City Council finds that the imminent failure of a public road way embankment, within the right of way of Talbot Road, constitutes an emergency within the meaning of RCW 39.04.280(1) (c); and

WHEREAS, RCW 39.04.280(1) (c) authorizes the City to waive competitive bidding requirements in the event of an emergency, and

WHEREAS, an emergency is defined by RCW 39.04.280(3) to mean an unforeseen circumstance beyond the control of the municipality that either: (a) presents a real immediate danger to the proper performance of an essential function; or (b) will likely result in material loss or damage to property, bodily injury or loss of life if immediate action is not taken, and

WHEREAS, the City Council has received the staff report of the Public Works Director and staff describing the roadway embankment emergency brought about by a failing storm water culvert; and

WHEREAS, the City Council finds and concludes that the immediate restoration of city roadways and utility systems by contractors and consultants through negotiation rather than competitive bidding or selection is in the public interest, NOW, THEREFORE,
