EDMONDS FISHING PIER OPENING SOON

Partial Opening Scheduled for August 19, 2016 at 4 pm

(Edmonds - WA) Fishing Pier Opening Soon

After a long awaited summer, the Washington Department of Fish and Wildlife and the City of Edmonds are expected to open the Fishing Pier soon.

The Fishing Pier construction is still not complete. However, in order to allow the public to take advantage of the tail end of Salmon fishing and crabbing season, we plan to have a soft, partial opening, which is planned for Friday, August 19th, at 4:00 pm.

It will be important for the community to know that many of the site amenities will not be in place when the pier opens and portions of the pier may be cordoned off from the public. In addition, there will be occasional pier closures of limited duration so the contractor can move materials and equipment into place.

The full opening, along with a celebration is expected by the end of September.
