## CONSTRUCTION NOTICE

### Cured-in-Place Pipe Installation, Sunset Avenue, Edmonds

*Short Term Pedestrian and Traffic Impacts Expected*

Contractors for the Citywide Cured-in-Place Pipe (CIPP) Installation Project is expected to be at Sunset Avenue between Main and Caspers Streets on Thursday and Friday, July 21<sup>st</sup> and 22<sup>nd</sup>.

The \$1.3 million project involves the rehabilitation of several sewer segments throughout the City via a cured-in-place pipe lining method that reduces significantly the impacts associated with conventional open-cut trenching methods. The work area includes 22 sewer segments totaling approximately 6,500 feet of sewer main.

Traffic delays can be expected throughout the day Thursday and a portion of Friday, and the Sunset Avenue Walkway will be closed in the vicinity of the sewer lift station located across from 400 Sunset Avenue. Pedestrians wishing to travel through the area will be required to use the sidewalk on the east side of the roadway.

For questions or comments, please contact Ed Sibrel, Capital Projects Manager, at (425)771-0220 or via e-mail at ed.sibrel@edmondswa.gov.
