CITY TO PARTICIPATE IN “TAKE OUR DAUGHTERS AND SONS TO WORK DAY” APRIL 28TH

National Theme This Year – “Sparking AHA! Moments”

(Edmonds, WA) - The City of Edmonds will be participating in the National 2016 “Take Our Daughters and Sons to Work Day” on April 28, 2016. The national theme this year is “Sparking AHA! Moments.” The City has planned several events on the afternoon of April 28th that will hopefully spark the imagination of our future generation of workers.

The youngsters will have a chance to meet the Mayor, tour the Police and Fire stations, including a look at the vehicles they use, and get a look at the workings of the Wastewater Treatment Plan, which includes how a pump works and how the lab detects microscopic bugs. These tours and information-sharing will give our daughters and sons a look at a variety of diverse career options right here in our own City.

“Bringing our young people to the workplace during their formative years is a valuable experience that helps them both see the applicability of their studies and envision their future careers in a more tangible way,” remarked Mayor Dave Earling. “I look forward to this opportunity to meet and speak to the community’s young people who will shape our future.”
