Public Hearing Coming Up for Highway 99 Subarea Plan

(Edmonds - WA) A plan for the Edmonds Highway 99 area will be presented at the City Council's public hearing February 21 at 7:00 pm in the Council Chambers, 250 5th Avenue N.

The plan calls for affordable housing, along with a strong business environment and better walkability. It has a long list of transportation projects that could be eligible for state and federal funding.

"The Highway 99 area is an important part of our community," noted Mayor Dave Earling. "People there have been great about letting us know what they want for the future, including more walkability, safety, healthy businesses, and good places to live. The plan being considered now is meant to help accomplish that vision."

The proposed Highway 99 Subarea Plan is more than a year in the making. In December, it was recommended by the Planning Board for Council approval. The plan can be viewed online at <http://www.edmondshwy99.org/>.
