

# 4TH AVE CULTURAL CORRIDOR PROJECT

## Context Map

## Project Description

As a key enhancement to the Creative District in downtown, the 4th Avenue Cultural Corridor project, from Main St to 3rd Avenue N will provide an improved pedestrian experience, highlight the historic assets along 4th Avenue, showcase a range of integrated public art and provide flexible spaces for event programming, all while maintaining vehicular access to properties and on street parking along the corridor.

This project includes preliminary design for the north segment of the 4th Avenue Cultural Corridor, between Edmonds Street and 3rd Avenue N. The project will create a concept plan to connect the frontage property at the Edmonds Center for the Arts (ECA) at the north end of the corridor along 4th Avenue.

The 10% preliminary design layout will be incorporated into a funding and implementation plan late fall 2023. Final design and the construction timeline for the project is still to be determined.

# 4TH AVE CULTURAL CORRIDOR PROJECT

## Project Narrative

*A cultural corridor, unique to Edmonds, that invites you along a tapestry of art, history, and cultural expressions.*

## Project Goals

- Provide a more accessible pedestrian-friendly community connector between the ECA and Main Street businesses through unique enhancements.
- Infuse a set of visible and accessible spaces along the corridor to showcase temporary/fixed art.
- Allow for a variety of cultural events and exhibits that will attract visitors and stimulate economic growth.
- Provide for the ECA frontage a conceptual design that will function as a supporting bookend to the 4th Ave Cultural Corridor project.

## ECA Frontage Idea

The public space in front of the Edmonds Center for the Arts (ECA) not only serves as a bookend to the 4th Avenue cultural corridor but is envisioned to be an inviting passive space for patrons as well as residents to enjoy.
